

# BUSINESS SERVICES SUPPORTING POSITIVE GROWTH

SUPPORTING BUSINESS AND  
REGIONAL ECONOMIC GROWTH

# WORKING TOGETHER TO PROVIDE A STRATEGIC APPROACH TO ECONOMIC GROWTH

Business Central is committed to supporting business, development, investment and growth which will deliver long-term benefits to the Central Coast.

In an effort to support positive growth of the region, we have developed the **Regional Economic Assessment Report and Grant Writing Services**.

Providing essential documentation to support positive growth and promote opportunities.

### 1 PROJECT DESCRIPTION

In consultation with you we develop a comprehensive project description outlining size, scope and the development of background material useful to inform the decision making process.

### 2 REGIONAL PRIORITIES

We compile research and statistical data of regional priorities to help reinforce the benefits of the proposed project such as; job creation, housing requirements, visitor economy, land availability or education requirements.

### 3 REGIONAL IMPACT

We assess how the proposed development addresses regional priorities by reviewing regional planning documents such as; Central Coast regional plan, RDA Central Coast Regional Plan, Council strategic plans, proposed regional developments.

### 4 REGIONAL ECONOMY

We provide details around how your project may provide benefits to the economy through both direct and indirect economic activities.

### 5 DEVELOP REPORT

The information obtained throughout the assessment process is compiled into a Regional Economic Assessment Report to identify the potential economic impact of the proposed development on the Central Coast economy.

To find out how Business Central can assist you with a range of business initiatives give us a call on **Phone: 02 4349 4949** or visit **[businesscentralservices.com.au](http://businesscentralservices.com.au)**

# Give your organisation the best opportunity with Business Case and Grant Writing Services
